Ayes: Heidi Daugherty, Roger Rasche, Sandra Lund, Patti Hamic-Christensen, and Rachel Lober

Nays: None

Absent: Supervisor Dan Totheroh, Kelli Davis, Teresa McFarland and JoAnn Poncho

4. Budget Items

a. FY 2022/2023 Inyo/Mono Baseline Allocations

b. FY 2021/22-9/30/2024 Inyo Mono American Rescue Plan Allocation (ARPA) –

c. FY 2022/2023 – 12/31/2024 Older Adults Recovery and Resilience (OARR) –

Includes proposed funding information

d. PSA 16 HCBS NI Proposal for Inyo and Mono

Melissa Best-Baker reviewed the FY 2022/2023 Inyo/Mono Baseline Allocations, the FY 2021/2022 – 9/30/2024 Inyo/Mono American Rescue Plan Allocation, the FY2021/2022 – 9/20/2024 Older Adults Recovery and Resilience funding, and the PSA 16 HCBS NI (Infrastructure funding) Proposal for Inyo and Mono Counties and requested the Council take action to recommend adopting the budgets to the Board of Supervisors as presented.

There was no discussion regarding the first two items, but discussion regarding the new Older Adults Recovery and Resilience (OARR) funding included funds for legal services that will need to be activities provided in addition to current services. Additionally, the Family Caregiver Support funding is intended to increase outreach, engagement, and training of caregivers. Mono County was going to discuss some possible Mono County specific uses. Ms. Best-Baker confirmed that ESAAA did not receive fall prevention monies. The Council discussed various uses and received clarification. Mann suggested that for the purpose of moving forward, the Council approve a recommendation to the Board of Supervisors to approve the four agreements. This will not prevent the counties from working together to identify the best use of funding to meet the county-specific needs. Additional discussion occurred regarding the planned use of the infrastructure funding with the Council reviewing the proposed projects in both Inyo and Mono counties with general comments of support. Following discussion Chair Rasche requested a motion.

Motion made by Heide Dougherty to recommend acceptance of the four funding allocations and it was seconded by Patti Hamic-Christensen – the motion carried as follows:

Ayes: Heidi Daugherty, Roger Rasche, Sandra Lund, Patti Hamic-Christensen, and Rachel Lober

Nays: None

Absent: Supervisor Dan Totheroh, Kelli Davis, Teresa McFarland and JoAnn Poncho

5. Staff Reports

- A. Morningstar Willis-Wagoner provided an update on Inyo County staffing and services, as well as provided a service report for the PSA. Noted an increase in utilization of congregate meals from the prior year.
- B. Krista Cooper with Mono County provided an update on staffing and services in Mono County. An update was also provided regarding funding Mono County received through AT&T helping connect seniors to family.
- C. Paulette Erwin provided an update on the LTC Ombudsman. The program has been able to increase the number of visits to facilities with the hiring of the Assistant Human Services Supervisor, who has been certified as an Ombudsman. Complaints have increased also during the last year as the COVID restrictions have allowed more contact by the Ombudsman, as well as by family and friends. Reported that the facilities, primarily Bishop Care, are struggling with staffing. Paulette also reported how the program used CARES act funding to purchase rolling cards and iPads for seniors to be able to have virtual contact with their family. In response to a question about the success of the robotic pet project, Ms. Mann agreed to re-send the video that had been previously shared.

6. Next Meeting

The proposed meeting is January 25, 2023 at 10:00 am.

7. Meeting Adjourned at 11:31 a.m.

PSA 16

This Area Plan is hereby submitted to the California Department of Aging for approval. The Governing Board and the Advisory Council have each had the opportunity to participate in the planning process and to review and comment on the Area Plan. The Governing Board, Advisory Council, and Area Agency Director actively support the planning and development of community-based systems of care and will ensure compliance with the assurances set forth in this Area Plan. The undersigned recognize the responsibility within each community to establish systems in order to address the care needs of older individuals and their family caregivers in this planning and service area.

SECTION 1. MISSION STATEMENT

PSA 16

The guiding mission of Health and Human Services is **Strengthening Resilience & Well-Being in Our Community** and the mission of ESAAA is

“To provide leadership in addressing issues that relate to older Californians; to develop community-based systems of care that provide services which support independence within California’s interdependent society, and which protect the quality of life of older persons and persons with functional impairments; and to promote citizen involvement in the planning and delivery of services.”

Planning and Service Area (PSA) 16, which includes the Counties of Inyo and Mono, is located at the eastern edge of California, approximately midway between the northern and southern boundaries of the state. The two-county area is a long triangle of which Mono County forms the apex and Inyo County the base. The east side of the triangle comprises about 300 miles of the California-Nevada border. Kern, San Bernardino, Fresno, Tulare and Alpine Counties share borders on the north, south and west. Total area exceeds 13,000 square miles and the total year-round population is approximately 32,211 (2020 US Census), but visitors and second homeowners double this at certain times of the year. The total aging population, based on the 2022 CDA Population Demographic Projections, is approximately 10,917 individuals aged 60 and older, an increase from prior year projections of a little over 1200, with 33% seventy-five years or older. The majority of our aging population resides in Inyo County (~62% in general and ~64% of those 75 or older).

Resources are targeted based upon the Older Americans Act priority populations, looking not just at age distribution but also at issues of poverty, isolation, frailty, HIV status, and cultural/social isolation. These priority populations are distributed across the PSA with higher percentage of distribution in Inyo County. Close to 12% of our population is isolated geographically with 63% of those individuals residing in the Inyo County area. Approximately 1,214 individuals are eligible for Medi Cal, an increase from prior year projections, with approximately 900 considered low-income. The majority of low-income people over the age of 60, approximately 74%, also reside in Inyo County. Our minority population consists primarily of Native American and Latino community members. Our minority population comprises approximately 12% of our aging population or approximately 3,904, an increase from prior year projections, with approximately 54 non-English speakers, ~93% residing in Inyo County. The number of persons living with HIV in the PSA is less than 1% with the majority (~70%) residing in Inyo County (2019 Data from California Department of Public Health). Extrapolating demographic information such as the number of individuals ages 60 or older is suppressed as this could potentially provide identify markers.

Connecting services to our most geographically isolated residents can be challenging. The PSA's area can be divided into essentially two geographic regions. The Western portion includes the Sierra Nevada Mountain range, which, with its forest, lakes, streams, and ski slopes, plays a major role in the resources and economy of the area, attracting outdoors enthusiasts for hiking, backpacking, hang gliding, snow skiing, snowboarding, fishing, camping and hunting. The Eastern two-thirds of the area is made up essentially of desert basins and mountain ranges, featuring the Death Valley National Park. Emphasizing the contrasting topography of the area is the fact that the western edge of Inyo County contains Mt. Whitney, the highest peak in the United States outside of Alaska, while the eastern region includes Death Valley, in which is found the lowest point in the western hemisphere. Most of the population of the counties is located along US Highway 395 – in Inyo County's Owens Valley along the base of the Sierra Nevada Mountains, and in the mountain communities of Mono County. Small pockets of population also are found along Highway 6 in Mono County and, in Inyo County, east of the Death Valley National Park boundary.

This expansive geographic region of over 13,000 square miles, spread out over desert and mountain terrain, coupled with the dispersed and diverse population pockets, also provides significant constraints and challenges in the delivery of services and in the development of overarching systems for services.

As part of a county health and human services agency, ESAAA service delivery in Inyo County is carefully braided into other service delivery systems; such braided funding occurs also in Mono County service delivery systems, specifically including in both counties:

- those funded through Social Services such as In-Home Supportive Services and Adult

Protective Services

- those funded through Mental Health, including Mental Health Services Act

Direct services are provided by ESAAA staff in both Inyo and Mono Counties in all funded service categories, except for Elderly Nutrition Program services, Transportation, Assisted Transportation and Legal Assistance. A contract with the County of Mono allows Mono County employees to provide elderly nutrition, transportation and assisted transportation to Mono County elderly; those same services are provided in Inyo County as a direct service by ESAAA staff. A contract with California Indian Legal Services provides legal assistance in both Inyo and Mono Counties.

The following must be discussed at each Public Hearing conducted during the planning cycle:

1. Summarize the outreach efforts used in seeking input into the Area Plan from institutionalized, homebound, and/or disabled older individuals.

Each facility has been provided iPads with Zoom access for use by residents for family access as well as to access other services. The LTC Ombudsman assisted in the coordination with our two LTC facilities to make virtual attendance available to interested residents through the use of the iPads. Additionally, the agency ensured that all home-delivered meal recipients and caregivers received information on how to access the meeting virtually.

2. Were proposed expenditures for Program Development (PD) or Coordination (C) discussed?

TITLE IIIB and Title VIIA:

LONG-TERM CARE (LTC) OMBUDSMAN PROGRAM OUTCOMES

2020–2024 Four-Year Planning Cycle

Each year during the four-year cycle, analysts from the Office of the State Long-Term Care Ombudsman (OSLTCO) will forward baseline numbers to the AAA from the prior fiscal year National Ombudsman Reporting System (NORS) data as entered into the Statewide Ombudsman Program database by the local LTC Ombudsman Program and reported by the OSTLCO in the State Annual Report to the Administration on Aging (AoA).

The AAA will establish targets each year in consultation with the local LTC Ombudsman Program Coordinator. Use the yearly baseline data as the benchmark for determining yearly targets. Refer to your local LTC Ombudsman Program's last three years of AoA data for historical trends. Targets should be reasonable and attainable based on current program resources.

Complete all Measures and Targets for Outcomes 1-3.

Outcome 1. The problems and concerns of long-term care residents are solved through complaint resolution and other services of the Ombudsman Program. [OAA Section 712(a)(3), (5)]

Measures and Targets:

A. Complaint Resolution Rate (NORS Element CD-08) (Complaint Disposition). The average California complaint resolution rate for FY 2017-2018 was 73%.

1. FY 2018-2019 Baseline Resolution Rate:

Number of complaints resolved 81 + number of partially resolved complaints 0 divided by the total number of complaints received 88 = Baseline Resolution Rate 92 %

FY 2020-2021 Target Resolution Rate 90 %

2. FY 2019-2020 Baseline Resolution Rate:

Number of complaints partially or fully resolved 95 divided by the total number of complaints received 101 = Baseline Resolution Rate 94 % FY 2021-2022

Target Resolution Rate 90 %

3. FY 2020 - 2021 Baseline Resolution Rate:

Number of complaints partially or fully resolved 62 divided by the total number of complaints received 63 = Baseline Resolution Rate 98 % FY 2022-2023 Target

Resolution Rate 90 %

4. FY 2021-2022 Baseline Resolution Rate:

Number of complaints partially or fully resolved 79 divided by the total number of complaints received 92 = Baseline Resolution Rate 90 %

FY 2023-2024 Target Resolution Rate 86 %

Program Goals and Objective Numbers: 1

B. Work with Resident Councils (NORS Elements S-64 and S-65)

FY 2018-2019 Baseline: Number of Resident Council meetings attended 14

FY 2020-2021 Target: 15

FY 2019-2020 Baseline: Number of Resident Council meetings attended 7 FY 2021-2022 Target: 6

G. Systems Advocacy (NORS Elements S-07, S-07.1)

FY 2020-2021
<p>FY 2020-2021 Systems Advocacy Effort(s): Recognizing that California’s older population is projected to grow, a new goal for the Ombudsman Program is to implement a public awareness campaign that focuses on the changing long-term care resident population and its needs. The Ombudsman program will adopt a strategy of working with other organizations, to further this goal and will conduct community and facility educational events.</p>
FY 2021-2022
<p>Outcome of FY 2020-2021 Efforts: With the COVID-19 Pandemic, the System Advocacy Effort for 2020-2021 was focused on the changing environment within Long-Term Care facilities and working with the facilities, family member, and the community to help meet the needs of the very isolated residents. The LTC Ombudsman was able to coordinate with facility staff and families to allow residents to connect via teleconferencing and other no-contact means.</p> <p>FY 2021-2022 Systems Advocacy Effort(s): (Provide one or more new systems advocacy efforts) Due to COVID-19, the agency was not able to fully implement and complete the systems advocacy efforts from FY2020-2021. The agency will be focusing on the same systems advocacy efforts of: Recognizing that California’s older population is projected to grow, a new goal for the Ombudsman Program is to implement a public awareness campaign that focuses on the changing long-term care resident population and its needs. <p>FY 2022-2023 Systems Advocacy Effort(s): (Provide one or more new systems advocacy efforts) The LTC Ombudsman program will work to foster participation in Family Councils and Resident Councils. Planning effort to include the development of education on the councils and their purpose, promotion of council meetings, and creating a quarterly newsletter to raise awareness around residents’ rights and person-centered care. The program will work to improve the skills of resident and family members in conducting council meetings to empower them to advocate for change in areas of concern. Ombudsman staff will provide information so councils can participate in legislative advocacy efforts related to LTC issues. The LTC Ombudsman program will organization an annual Inyo County Virtual Family Council meeting opportunity for the councils’ members to network with one another and share strategies, obstacles, success, and resources.</p>

FY 2023-2024

FY 2023-2024 Systems Advocacy Effort(s): The LTC Ombudsman Programs goal is to provide an understanding of an older person's view and their circumstances that put them at risk of losing their independence. Through an interactive training, participants will learn how age-related changes in sensory-motor functions affect daily living activities. Participants will increase knowledge about resident's rights and will increase sensitivity to the feelings of older adults when functional skills are impaired. After the interactive training, a discussion will be initiated among the participants that will increase their knowledge about person-centered care practices that lead to better care and quality of life for the residents.

Outcome 2. Residents have regular access to an Ombudsman. [(Older Americans Act Reauthorization Act of 2016), Section 712(a)(3)(D), (5)(B)(ii)]

Measures and Targets:

A. Routine Access: Nursing Facilities (NORS Element S-58) Number of nursing facilities within the PSA that were visited by an Ombudsman representative at least once each quarter **not** in response to a complaint. NOTE: This is not a count of *visits* but a count of *facilities*. In determining the number of facilities visited for this measure, no nursing facility can be counted more than once.

Program Goals and Objective Numbers: <u>1</u>

Outcome 3. Ombudsman representatives accurately and consistently report data about their complaints and other program activities in a timely manner. [Older Americans Act Reauthorization Act of 2016, Section 712(c)]

Measures and Targets:

In the box below, in narrative format, describe one or more specific efforts your program will undertake in the upcoming year to increase the accuracy, consistency, and timeliness of your National Ombudsman Reporting System (NORS) data reporting.

Some examples could include:

- Hiring additional staff to enter data
- Updating computer equipment to make data entry easier
- Initiating a case review process to ensure case entry is completed in a timely manner

The LTC Ombudsman program will:

- 1.) Enter data into ODIN in a timely manner, to ensure data is complete for each quarter.
- 2.) Regularly attend NORS Consistency training opportunities provided by the OSLTCO and online courses provided by the National Long-Term Care Ombudsman Resource Center (NORC)
- 3.) Ensure all new volunteers are training and attend the same system trainings that staff are attending.
- 4.) Allow staff and volunteers to have “protected” time to ensure data entry is not interrupted.

PSA 16

HEALTH INSURANCE COUNSELING AND ADVOCACY PROGRAM (HICAP) SERVICE UNIT PLAN CCR Article 3, Section 7300(d)

MULTIPLE PSA HICAPs: If you are a part of a multiple-PSA HICAP where two or more AAAs enter into an agreement with one “Managing AAA,” to deliver HICAP services on their behalf to eligible persons in their AAA, then each AAA is responsible for providing HICAP services in the covered PSAs in a way that is agreed upon and equitable among the participating parties.

HICAP PAID LEGAL SERVICES: Complete this section if your Master Contract contains a provision for using HICAP funds to provide HICAP Legal Services.

STATE & FEDERAL PERFORMANCE TARGETS: The Administration for Community Living (ACL) establishes targets for the State Health Insurance Assistance Program (SHIP)/HICAP performance measures (PMs). ACL introduced revisions to the SHIP PMs in late 2016 in conjunction with the original funding announcement (ref HHS-2017-ACL-CIP-SAPG-0184) for implementation with the release of the Notice of Award (Grant No. 90SAPG0052-01-01 issued July 2017).

The new five federal PMs generally reflect the former seven PMs (PM 2.1 through PM 2.7), except for PM 2.7, (Total Counseling Hours), which was removed because it is already being captured under the *SHIP Annual Resource Report*. As a part of these changes, ACL eliminated the performance-based funding scoring methodology and replaced it with a Likert scale comparison model for setting National Performance Measure Targets that define the proportional penetration rates needed for improvements.

Using ACL’s approach, CDA HICAP provides State and Federal Performance Measures with goal-oriented targets for each AAA’s Planning and Service Area (PSA). One change to all PMs is the shift to county-level data. In general, the State and Federal Performance Measures include the following:

- PM 1.1 Clients Counseled ~ Number of finalized Intakes for clients/ beneficiaries that received HICAP services
- PM 1.2 Public and Media Events (PAM) ~ Number of completed PAM forms categorized as “interactive” events
- PM 2.1 Client Contacts ~ Percentage of one-on-one interactions with any Medicare beneficiaries
- PM 2.2 PAM Outreach Contacts ~ Percentage of persons reached through events categorized as “interactive”
- PM 2.3 Medicare Beneficiaries Under 65 ~ Percentage of one-on-one interactions with Medicare beneficiaries under the age of 65
- PM 2.4 Hard-to-Reach Contacts ~ Percentage of one-on-one interactions with “hard-to-reach” Medicare beneficiaries designated as:
 - PM 2.4a Low-income (LIS)
 - PM 2.4b Rural
 - PM 2.4c English Second Language (ESL)
- PM 2.5 Enrollment Contacts ~ Percentage of contacts with one or more qualifying enrollment topics discussed

AAA's should demonstrate progress toward meeting or improving on the Performance requirements established by CDA and ACL as is displayed annually on the *HICAP State and Federal Performance Measures* tool located online at:

<https://www.aging.ca.gov/ProgramsProviders/AAA/Planning/>

For current and future planning, CDA requires each AAA ensure that HICAP service units and related federal *Annual Resource Report* data are documented and verified complete/ finalized in CDA's Statewide HICAP Automated Reporting Program (SHARP) system per the existing contractual reporting requirements. HICAP Service Units do not need to be input in the Area Plan (with the exception of HICAP Paid Legal Services, where applicable).

1. ***Description of how the AAA coordinates its disaster preparedness plans and activities with local emergency response agencies, relief organizations, state and local governments, and other organizations responsible for emergency preparedness and response as required in OAA, Title III, Section 310.***

According to the 2010 “Disaster Assistance Handbook for Area Agencies on Aging” prepared by California Department of Aging, a local AAA must prepare for disasters and participate in disaster-assistance activities on behalf of older persons and persons with disabilities within their span of control.

Eastern Sierra Area Agency on Aging (ESAAA), as part of the local Inyo County Health and Human Services Department, coordinates disaster preparedness plans and activities with local Office of Emergency Services (OES) through the HHS/ESAAA Director. The Director historically receives early notification from the local OES Commander about disaster alerts, and begins the coordination with other local, state, and federal government organizations, as well as with local hospitals and private health care entities. Regularly updated telephone call trees, and annual staff trainings ensure activation of groups of HHS employees to provide: (1) access to the updated GPS database identifying the residential location of all functional access need elderly individuals in Inyo County, as well as their identified health care issues and needs; (2) evacuation and shelter care; (3) basic food and nutrition; (4) coordination with Red Cross and Salvation Army; (5) access to client databases and direct client records; and (6) medical/health care response.

As a two-county PSA, the Director also coordinates with the contracting agency in Mono County to ensure service delivery and other needs are addressed in the event of a disaster. The point person in Mono County is the Social Services

Director who, like the HHS/ESAAA Director, is charged with coordination with their OES during a disaster.

2. *Identify each of the local Office of Emergency Services (OES) contact person(s) within the PSA that the AAA will coordinate with in the event of a disaster.*

Name	Title	Telephone	E-Mail
Kathy Peterson	Mono County Social Services Director	Office: 760 924-1763 Cell: 760 937-6518	kpeterson@mono.ca.gov
Nate Greenberg	Inyo County Administrative Officer	Office: 760 878-0377	ngreenberg@inyocounty.us

3. *Identify the Disaster Response Coordinator within the AAA.*

Name	Title	Telephone	E-Mail
Mikaela Torres	Emergency Services Manager	Office: 760 878-0120	mtorres@inyocounty.us
Taylor Hartshorn	Disaster Program Manager	Cell: 760 878-8294	thartshorn@inyocounty.us

4. ***List critical services the AAA will continue to provide after a disaster and describe how these services will be delivered.***

Critical Services	How Delivered?
a. Outreach to frail, vulnerable older adults for well-being checks, identified through GPS database and California Aging Reporting System (CARS) database, Adult Protective Services, and In-Home Supportive Services caseload information.	a. By telephone and door-to-door, as determined by OES in consultation with AAA Disaster Response Coordinator
b. Provision of emergency shelters and/or heating/cooling centers	b. Community-based shelters and centers will be available within close travel distances; assisted transportation will be provided, as needed.
c. Basic food and nutrition	c. (1) Delivery of hot and/or frozen meals as capability allows, including shelf-ready (2) Access to disaster related CalFresh services
d. Access to critical medications, health services	d. Via local OES-Red Cross vendor agreements for pharmaceuticals, oxygen/other health care apparatus and care
e. After-disaster follow-up assessment	e. Telephone and/or in-person welfare checks

5. ***List any agencies with which the AAA has formal emergency preparation or response agreements.***

ESAAA is part of local County government, and as such, is formally obligated to be part of the local government OES system, as is the contracting agency in Mono County. As part of the County Emergency Response Systems:

Red Cross-Los Angeles chapter

Inland Counties Emergency Medical Services Authority (ICEMA)

CalFresh (Food Stamps) agreement between Inyo and Mono Counties

6. ***Describe how the AAA will identify vulnerable populations, and follow-up with these vulnerable populations after a disaster event.***

Identification of vulnerable populations will be conducted in Inyo County through a GPS-linked database showing residential locations of all individuals with access and functional needs. Also available in both Inyo and Mono Counties are client records and the CARS database, as well as IHSS data systems.

County law enforcement agencies in both counties typically send personnel door-to-door for well-being checks of those individuals identified in the GPS database and for those identified by staff accessing the CARS database or other proprietary databases. Telephone and door-to-door follow-up also is provided by a range of County employees, in consultation with AAA Disaster Response Coordinator, to identify needs and request services.

Vacant positions are advertised in local media and includes targeted outreach to fill unfilled categories of representation, while also working to ensure appropriate geographical representation. Upon the closing of the recruitment, the appointment of Advisory Council members will be placed on the agenda for a public meeting of the Governing Board, at which time the Governing Board will appoint Advisory Council members for designated terms of office. All such meetings are publicly noticed in accordance with Brown Act requirements.

2020-2024 Four-Year Area Planning Cycle

This section must be completed and submitted annually. The Older Americans Act Reauthorization Act of 2020 designates legal assistance as a priority service under Title III B [42 USC §3026(a)(2)]¹².

CDA developed *California Statewide Guidelines for Legal Assistance* (Guidelines), which are to be used as best practices by CDA, AAAs and LSPs in the contracting and monitoring processes for legal services, and located at: https://aging.ca.gov/Providers_and_Partners/Legal_Services/#pp-gg

1. Based on your local needs assessment, what percentage of Title IIIB funding is allocated to Legal Services? **Discuss:** Needs identified during the needs assessment clustered in the largest numbers around isolation, transportation, assistance with activities of daily living, and having enough money to meet the basic needs of food, clothing, and shelter. While legal services were not identified as one of the higher priorities, assistance with legal issues such as wills/trusts, evictions, and benefits was identified as a need. The minimum percentage identified during the area planning and subsequent updates is 10%. However, funding has been provided at a higher level than the minimum percentage.
2. Specific to Legal Services, has there been a change in your local needs in the past four years? If so, please identify the change (include whether the change affected the level of funding and the difference in funding levels in the past four years). **Yes/No, Discuss: No** There were minimal significant changes noted in local needs, although there has been a new focus on housing/eviction related issues and advanced health care directives as reported by the contractor, with the needs assessment priority still identifying legal assistance for matters such as contracts, wills, estate planning and related issues. The pandemic did result in some increased need as it relates to navigating legal issues related to housing and funds provided through relief funding were allocated in this manner. The base allocation, and subsequent one-time only funding, continued to be contracted at the 10% minimum percentage with an additional ~\$10,000 of supportive service funding.
3. Specific to Legal Services, does the AAA's contract/agreement with the Legal Services Provider(s) (LSPs) specify that the LSPs are expected to use the California Statewide Guidelines in the provision of OAA legal services? **Yes/No, Discuss: Yes** ESAAA contracts legal services in compliance with CDA requirements and ensures that the contractual agreement includes the expectation that the contractor will use California Statewide Guidelines in the provision of legal services.
4. Does the AAA collaborate with the Legal Services Provider(s) to jointly establish specific priority issues for legal services? If so, what are the top four (4) priority legal issues in your PSA? **Yes/No, Discuss: Yes** The top four legal issues include housing/eviction related issues, advanced health care directives, assistance with public funding access, and legal matters involving contracts, wills and estate planning.

5. Specific to Legal Services, does the AAA collaborate with the Legal Services Provider(s) to jointly identify the target population? **Yes/No, Discuss: Yes** The AAA and contractor communicate as needed to ensure that more isolated and target populations' legal needs are addressed through access. Sharing information as to types of calls and identifying any trends in types of calls or underserved populations/areas is communicated in order to better coordinate and plan.
6. Specific to Legal Services, what is the targeted senior population and mechanism for reaching targeted groups in your PSA? **Discuss:** The targeted aging population is low-income and disabled seniors. However, other target population factors such as language access, HIV, geographic isolation are also prioritized for service.
7. How many legal assistance service providers are in your PSA? **Complete table below.**

Fiscal Year	# of Legal Assistance Services Providers
2020-2021	1
2021-2022	1
2022-2023	1
2023-2024	1

8. What methods of outreach are Legal Services Providers using? **Discuss:** Outreach methods include, but are not limited to, a combination of written materials provided at congregate meal sites and through home-delivered meals, mailings to family caregivers, and in-person and/or videoconference presentation at Senior Centers throughout the PSA.

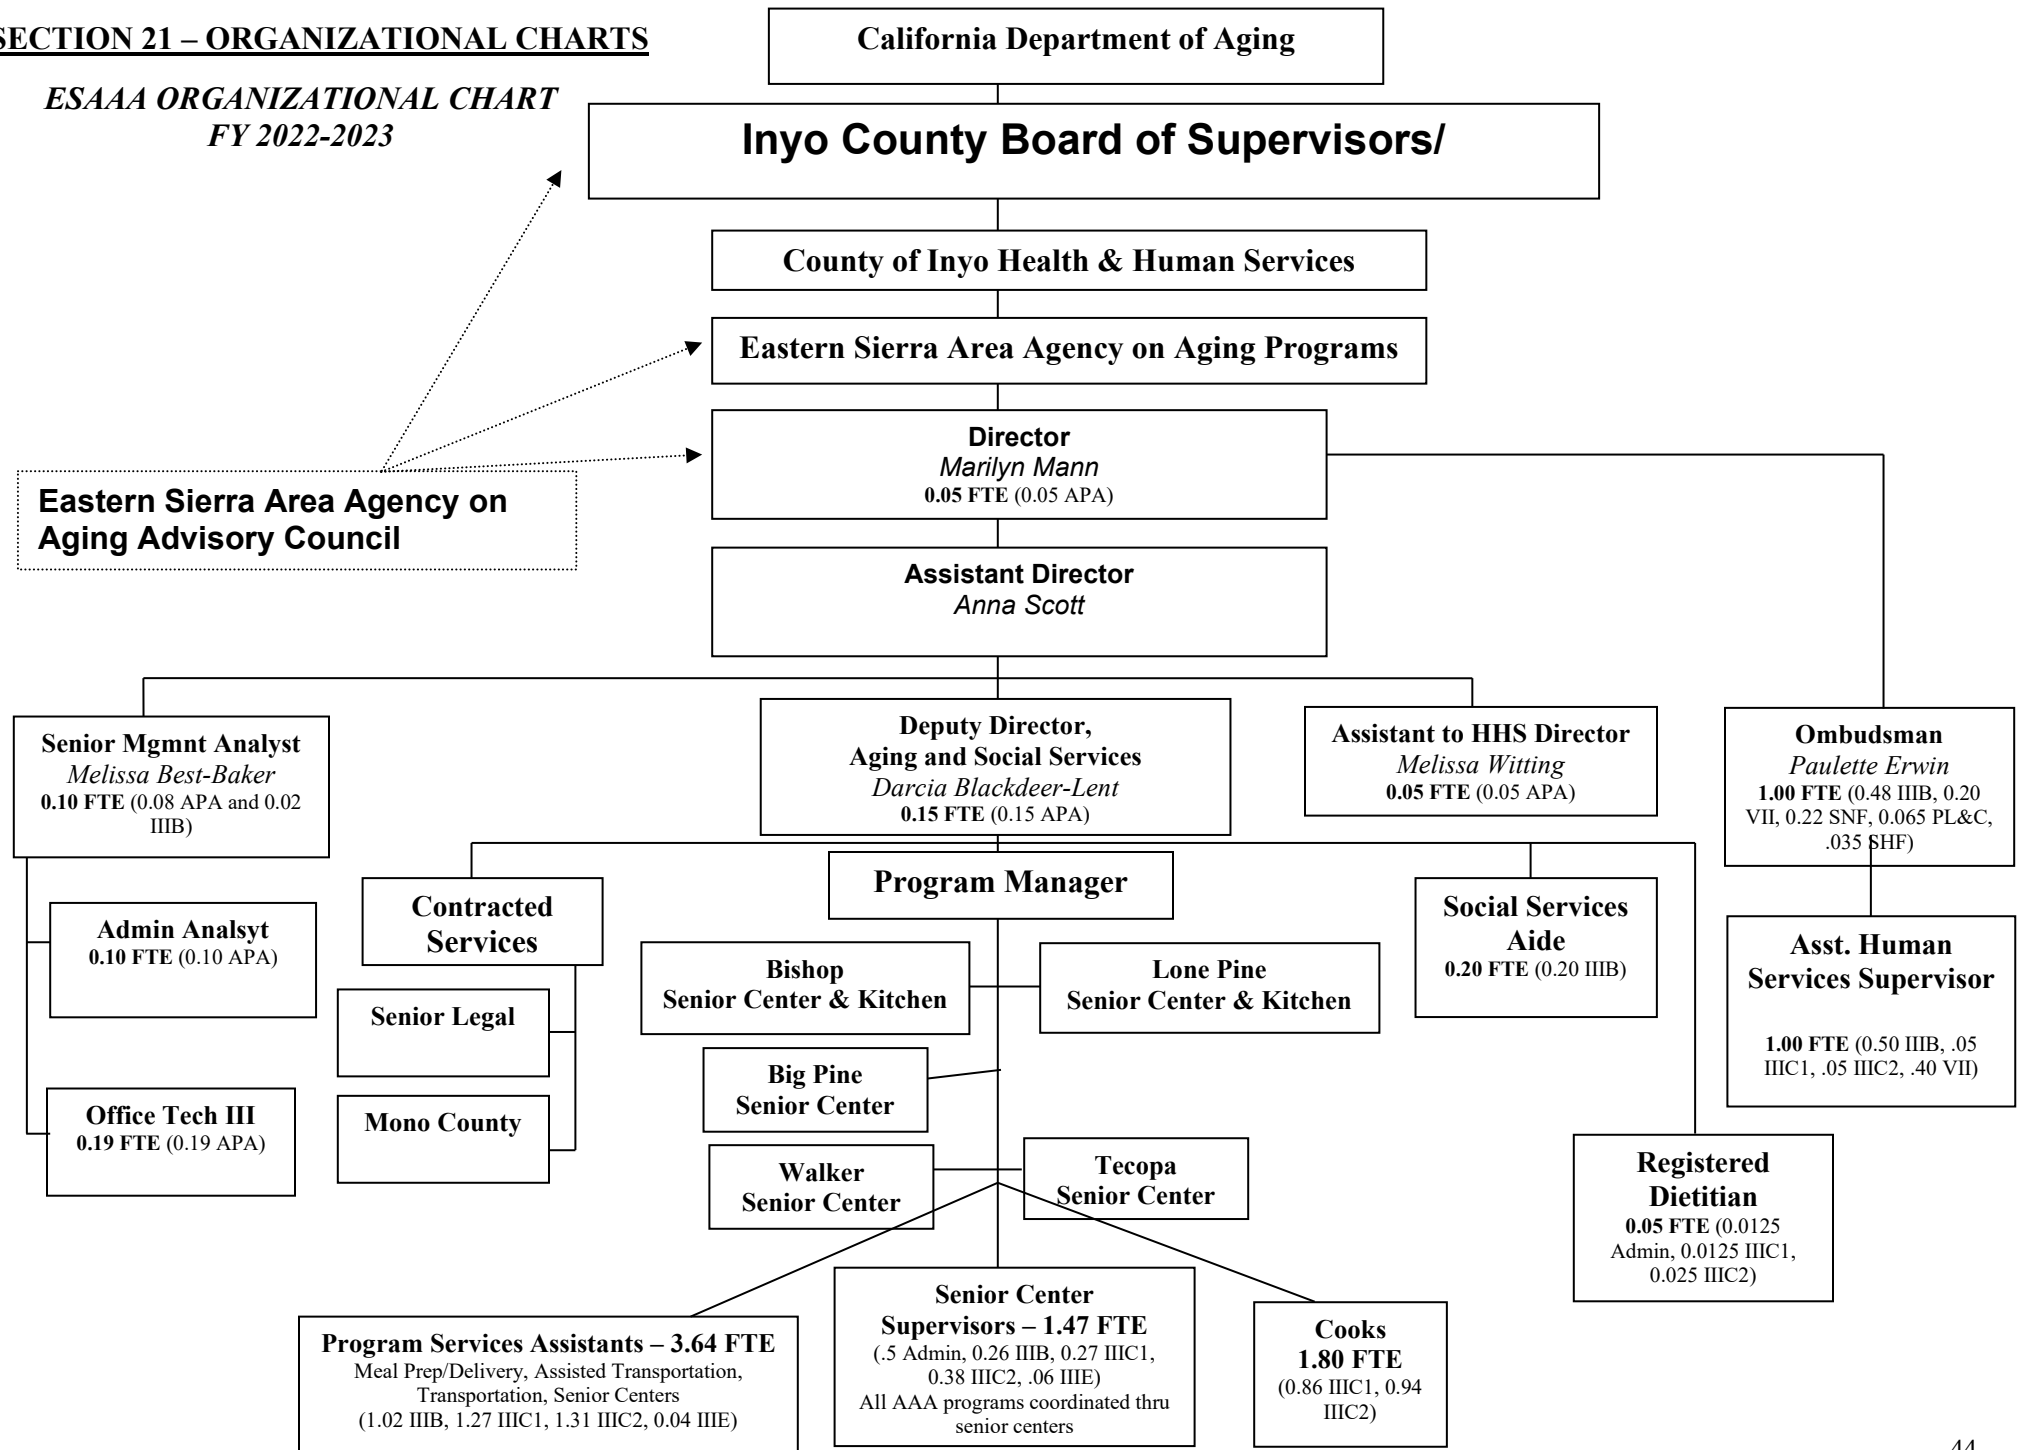

² For Information related to Legal Services, contact Jeremy A. Avila at 916 419-7500 or Jeremy.Avila@aging.ca.gov

9. What geographic regions are covered by each provider? **Complete table below:**

Fiscal Year	Name of Provider	Geographic Region covered
2020-2021	California Indian Legal Services	Inyo and Mono Counties
2021-2022	California Indian Legal Services	Inyo and Mono Counties
2022-2023	California Indian Legal Services	Inyo and Mono Counties
2023-2024	California Indian Legal Services	Inyo and Mono Counties

10. Discuss how older adults access Legal Services in your PSA and whether they can receive assistance remotely (e.g., virtual legal clinics, phone, U.S. Mail, etc.). **Discuss:** Access is affected in person, by phone, through remote outreach, and virtual platforms.
11. Identify the major types of legal issues that are handled by the Title IIIB legal provider(s) in your PSA (please include new legal problem trends in your area). **Discuss:** As indicated above, assistance with evictions/rental issues, advanced health care directives, contracts/wills/estates, and assistance with accessing public aid. More recently, during the pandemic, there was an increase in need for eviction/rental related legal issues.
12. What are the barriers to accessing legal assistance in your PSA? Include proposed strategies for overcoming such barriers. **Discuss:** Barriers within the PSA include the expansive 13,000 + square miles of geography, which is sparsely populated and unreliable and/or unavailable internet/technology options. These two factors combine to make it difficult for private sector for-profit businesses or health care providers to sustain services in the PSA. Therefore, much of the specialty care and shopping requires extensive assistance with transportation out of the PSA and event within the PSA. The prioritization of supportive services dollars towards access to services results in less funding availability for legal assistance. However, to support maximizing the available funding to extend to these remote areas, virtual access has been made available at 5 of the 6 focal points, allowing eligible residents access to legal service resources.
13. What other organizations or groups does your legal service provider coordinate services with? **Discuss:** The provider coordinates services with other ESAAA programs, Social Services programs in both counties, the LTC Ombudsman, and with the local bar to ensure a continuum of legal information/services throughout the PSA>
